

ZOHODOX

DOCUMENT MANAGEMENT SYSTEM

WHAT IS ZOHODOX?

The NetPro Document Management Systems (DMS), seamlessly facilitates the entire document management lifecycle in your organisation. It is an easy to use enterprise-class software that allows you store, manage and track electronic documents and electronic images of paper based information captured through the use of a document scanner.

1. Manage and view all types of documents from one single application.
2. Organize documents and email the way you want using folders, tags and meta data.
3. Search engine makes all right documents instantly available.

MANAGE DOCUMENTS EASILY

1. Manage and view all types of documents from one single application.
2. Organize documents and email the way you want using folders, tags and meta data.
3. Search engine makes all right documents instantly available

ORGANIZE MORE EFFECTIVELY

It's pretty easy for your files and documents to vanish and hide behind folders. This is where our DMS comes in. The ease of finding all your documents at one place, a quick and powerful search option, folder hierarchy, tagging options and document previews are some of the many features of NetPro ZOHODOX which help you stay organized.

WORK SMARTER

You always have the option of working hard or working smart. Our DMS is for those who choose the latter. It offers you on the go connectivity with Dropbox integration, multi-user security, automatic e-mail and attachment storage option and a mobile app which ensures you stay updated on the fly.

ECONOMICALLY SMART CHOICE

Now, however nice the software is, we know it all boils down to the cost. Our DMS is flexibly priced to allow small and medium sized businesses access an affordable document management software. To top it off, you'll get the best customer support for any problems you face for free during the first year of purchase.
