

Classe365

CLASSE365
SCHOOL MANAGEMENT SYSTEM

WHAT IS CLASSE365?

Classe365 is an enterprise class, next gen cloud or SAAS based Student Information System and Education Institution Management solution that leverages market leading design principles developed by today's most popular websites such as Google, Facebook and Amazon. The result is

innovative user interface that aids advanced functionality.

Classe365 is a web based Education Institution Management System that enables schools to manage entire organisation through the power and benefits of Cloud technology. Classe365 was created with a vision of a Smart

Education Solution. We believe that there needs to be a better way for institutions to help manage themselves, provide full control and visibility, and finally lead their students to a brighter life.

MISSION

Classe365's mission is to provide educators with innovative tools that help them provide their students with word-class systems throughout their education journey. From teachers who are creating the next generation of citizens to students, Classe365 provides elegant

and innovative solutions that set new standards for institution and student management.

Cloud Based

No hardware or maintenance costs.
Access to school data and records with click of a button.

Reduced Costs and Pays for Itself

Less administrative overheads. On

REASONS

average institutions save \$48,000 over three years using Classe365 as their Education Management System.

Increase Revenue

Its just not a software, it's a revenue generator with modules like School E-Commerce and online fees & donations management there is no ways to generate revenue.

Increased School Credibility

Leading education innovation is not just a luxury but a necessity for institutions to gear up their students to today's real-world challenges.
